

## Latest Release from Vecima Networks

The latest release of the Vecima Telematics System will be completed on Wednesday, March 31, 2021. Please see below for a brief description of the enhancements included in this release.

Feature	Description
<p><b>Try our New Look Portal!</b></p>   	<p>For customers currently using our classic user interface, a new look portal will be available for you to try out.</p> <p>To get to the new portal, click the button that will appear in the top right corner of the classic portal:</p> <div data-bbox="932 831 1328 898" style="text-align: center;"> <p><b>Try our New Look Portal</b></p> </div> <p>Some of the new features include:</p> <ul style="list-style-type: none"> <li>• “Smart” map view which is searchable for any item, landmark or location</li> <li>• Vehicles close to each other are “clustered” to easily view and navigate your entire fleet</li> <li>• Configurable dashboard for quick views of commonly accessed data</li> <li>• Fully searchable forms and report output</li> <li>• Revamped, modern look and feel</li> </ul> <p>Over the coming weeks, we will be accepting feedback for this beta version of the new portal. Submitting a feedback form will enter you into a draw for a prize!</p> <p>Note that during this beta time period, you can always return to the classic view.</p>

Feature	Description
<p><b>DTCs in GPSFT</b></p> 	<p>For vehicles supporting J1939 Diagnostic Trouble Codes (DTCs), active codes may now be viewed from within the GPS Fleet Tracker (GPSFT) mobile app.</p> <p>This new feature is available on both iOS and Android versions of the app.</p>
<p><b>System Odometer from most recent event available in Portal</b></p> 	<p>Previously, system odometer displayed in the Vehicle Information tab was the end-of-day odometer reading from the previous day. With this new release, the odometer reading from the most recent event is now displayed.</p> <p>This update is only for system odometer. ECM odometer will continue to display the most recent value.</p>
<p><b>System Enhancements</b></p>	<p>This release includes system and infrastructure enhancements that will improve security and reliability.</p>

In addition to the features above, this release will also include other minor bug fixes and enhancements.

If you have any questions or comments, please do not hesitate to contact us at [support.telematics@vecima.com](mailto:support.telematics@vecima.com).

Best regards,

**The Vecima Team**
