Feature	Description
	• <u>Warning</u>: Installing or removing the device while the ignition is turned on could possibly damage the vehicle's electronics. • The Contigo 6450 is not a waterproof or sealed device. Care must be taken to ensure the device is kept away from water or any other liquids.
Route Log Input Enhancement 	The Contigo System currently has an advanced feature to plot points on the Route Log report in different colors based on the status of one or both inputs. This feature has been updated so that the color of the lines between the icons matches the color of the icons, allowing the user to quickly and easily view the status of the inputs along the route of the vehicle.
New Browser Support – Beta Feature 	The Contigo Portal may now be accessed using two additional browsers: Google Chrome or Apple Safari.

In addition to the features above, this release will also include bug fixes and other minor enhancements.
